

S-LOCK

*PREMIUM GUTTER PROTECTION
AT AN AFFORDABLE PRICE*

**NEW & IMPROVED
FOR 2011**

S-LOCK

RAINTRAP® S-LOCK Is our new patent protected design which incorporates our unique water siphon slots!

A = **NEW!** Exclusive drip guard channel doubles as an optional deicing cable retainer.

B = The leading radius uses surface tension to draw water into the slots.

C = The opening is only $3/32$ " - keeping out any significant debris.

D = The trailing radius eliminates any sharp edges so leaves slide off.

Install option #1

Install option #2

Optional flat tray install applications

Install option #3

Under the shingle install application shown above

All accept optional
EASYHEAT® de-icing
cable
