GUTTER PROTECTION

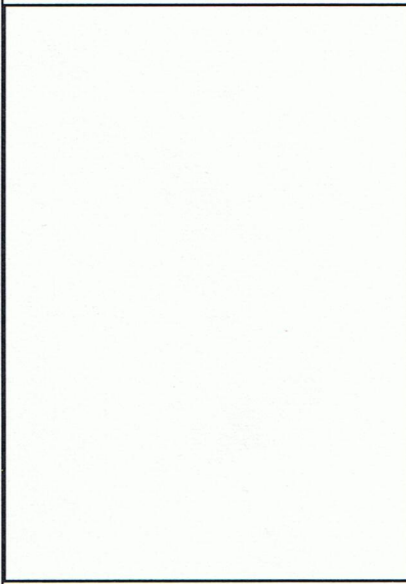

HAVE THE **RAINTRAP®**
NOSEOVER GUTTER
PROTECTION SYSTEM
INSTALLED ON YOUR HOME
AND ELIMINATE HAZARDOUS
GUTTER CLEANING!

RAINTRAP®
NOSEOVER GUTTER PROTECTION

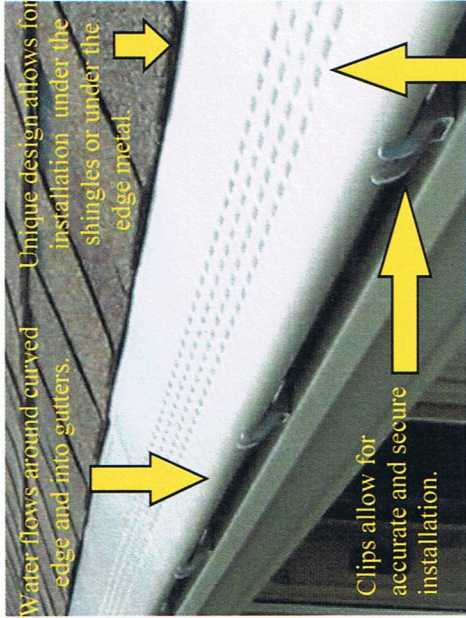

THE PROFESSIONAL'S CHOICE
PATENT PROTECTED

YOUR RAINTRAP® APPLICATOR IS:

GREAT LOOKS & PERFORMANCE

Because of surface tension our unique Water Siphon Slots allow large volumes of water to enter the gutter. The slots, along with the curved front edge, allow for large volumes of water to enter without unwanted debris.

RAINTRAP® gutter protection system works with any roof pitch from flat to steep and virtually any roofing material. This makes RAINTRAP® the most adaptable product of it's kind.

PATENT PROTECTED

RAINTRAP® ADVANTAGES

- **VERSATILITY** - Installs on almost any existing or new gutter systems - 5" or 6". Installed under the first row of shingles or can be adapted to install be.
- **ADAPTABLE** - RAINTRAP® will install on any roof pitch from flat to over 12/12 and since it does NOT use fasteners through the roof it does not violate your roof warranty.
- **VALUE** - The best gutter protection system for your money.
- **VARIETY** - Available in many colors to match new or existing gutters.
- **PERFORMANCE** - Handles higher volumes of water than the competition.
- **APPEARANCE** - The attractive low profile design is more appealing than the competition.
- **DURABILITY** - Limited Lifetime Materials Warranty and 20 Year Finish Warranty.

WHY INSTALL RAINTRAP® ON YOUR HOME?

Clogged gutters are not only unsightly and dangerous to clean but they can also cause serious damage to occur to your home that can be very costly to fix. RAINTRAP® Gutter Protection System helps prevent these problems and many others by allowing water to flow properly through your gutters and downspouts by preventing unwanted debris from entering them.
